Ultimate membership drive

Clubs offers car giveaway

It's only fitting that the 2001 Air Force Club Ultimate Membership "Drive" Sweepstakes will be giving away new automobiles - perhaps even one or two for patrons of Wright-Patterson AFB Officers' or Enlisted Club.

During the drive, which will be held from Aug. 15 to Nov. 18, Air Force Services hopes to sign up 10,000 new members. All will be eligible for cars that will be presented to nine lucky people who join any club worldwide. Winners will have their choice of select models and winner may be able to pick the car's color and various available options.

And not wanting to forget those already holding club cards, a tenth vehicle will be awarded to someone who has been a member anytime between Feb. 1 and Aug. 14 of this year.

Club members do not have to lift a single finger to be eligible to drive off in that new vehicle. Just being a valuable patron is enough.

With this giveaway, "we are recognizing that existing members are extremely important to us and that we would like to properly reward them, just as we are rewarding new customers," said Juan Vega, installation club manager. "Plus, they are one of the best forms of endorsement for an evolving club system that offers something for all."

Besides meals and entertainment, other benefits cardholders enjoy include a scholarship program, deals on local entertainment and special events, members-only programs and catering services.

Not a member!

Then join now and you could be that lucky

winner. For more information, call 257-9762 to join.

Animal Visitation by
Appointment

Recently the Veterinary Services has undergone an extensive change in personnel. Our staff now consists of two veterinarians, two technicians,

and one receptionist. Our new staff will assist you in providing the best veterinary care possible for your animals. The Wright-Patterson Veterinary Services provides assistance for over 4,000 clients. Although the majority of our clientele consist of cats and dogs, our veterinarians are experienced with other species of animals and we do provide services for those species.

This facility is a preventive medicine clinic, authorized to treat anything possibly contagious from animal to animal, or animal to human. Preventive medicine products, such as heartworm preventative, flea and tick preventatives (shampoos, topicals, and collars) are available on a daily basis during regular operation hours. Health Certifications and vaccinations are provided for dogs and cats. Sick calls are provided for all animals that our veterinarians are experienced in diagnosing. Emergencies are seen only if this facility is equipped to assess and treat that particular emergency. We ask that you please call before bringing an emergency to us. We may have to refer you to an off base veterinary facility, and a phone call can save precious time.

Appointments are available on a first come, first serve basis and are limited. We ask that if you are requesting a health certificate for travel, or PCSing, please call far enough in advance that we can inform you of all requirements preceding the issuance of your health certificate.

We are here to provide veterinary services for the military community, to include all active duty, retirees, and reservists on active duty.
